

## Newnan City Councilman Rhodes Shell Endorses Stokely

Dear Friends,

I have known Robert Stokely for over ten years, and he has always been a caring and honest person. Additionally, he is enthusiastic and sincere in both his personal life and his duties as an Officer to the Court.

He works very hard at his job, and he has consistently dedicated himself to making the Solicitor's Office run as efficiently as possible.

We have a fast growing population with a faster growing court docket. Even without much needed additional funding, Robert continues to bring us a justice system that we want and expect.

The continuously changing laws and new challenges to keep order make it imperative we keep someone in office that we know will work hard and keep the system moving.

Robert Stokely is very much the person we need in that role. I fully support his re-election.

Sincerely,

Rhodes H. Shell
