

Robert's Response to Slander Politics and Mud Slinging

The office of Solicitor is one in which the Public places high trust in the person they elect. Such trust deserves to be upheld with dignity which embodies a sense of fairness while discharging the duties according to law. The Public deserves to be represented by someone who will not campaign to win at any cost, especially by slander politics and mud slinging. I will not lower myself to slander politics and mud slinging, even if it costs me the election. The unfounded allegations against me are unsupported by evidence or specific facts and THEY ARE UNTRUE.

As Solicitor these last ten years, I am proud to have discharged my duties by prosecuting those who came before me in a fair but firm way. I am proud to say, that when I accuse someone of a crime, I do so in a manner in which they have notice and opportunity to be heard in the same hearing in which they are accused. I am proud to say that I put credible evidence before the Court to back up the allegations. Hearsay slander has no place in our courtroom or in a political campaign, for in both instances, it is the voter who serves as a citizen making a choice to convict a person of a crime or to elect a public official. The VOTER deserves to be given credible, accurate and true information. For the truth about me, Robert Stokely, take a look at the rest of my web site and learn more about me. I ask that you take note of the public officials and local citizens who know me quite well and have chosen to lend their good name to me. I am also available to discuss any of your questions or concerns by phone - please call me at 678-416-1387

STICK WITH STOKELY on July 15 and re-elect me. I haven't let you down in the past, and you can count on me to uphold your trust and conduct myself in a dignified manner as I have demonstrated in my personal and professional life, even during the worst of personal tragedy or slanderous attacks.
