

Attorney R. Michael Rickles Endorses Stokely

I've known Robert for approximately twelve years both as an attorney and as Solicitor-General for Coweta County. Robert's integrity is without question. He is a leader in his church and community. As an attorney he worked diligently to serve his clients in a fair and objective manner. As Solicitor-General, he has emphasized respect and fair treatment for defendants while protecting the citizens of this county. Robert's staff is of the highest caliber. A recent senior solicitor from his office has been elected to serve on the State Court bench. I urge my fellow citizens to look at Robert's record and then to compare his record with that of any opponent.
